

**RESTORATIVE SIMPLICITY**  
WITH THE STRAUMANN® SOLID ABUTMENT  
ALL-IN-ONE SET

Straumann® Solid Abutment

COMMITTED TO  
**SIMPLY DOING MORE**  
FOR DENTAL PROFESSIONALS

## STRAUMANN® SOLID ABUTMENT ALL-IN-ONE SET

The Straumann® Solid Abutment All-In-One set contains all of the components necessary for a complete crown or bridge restoration. Featuring the same instruments and following the same restorative procedure, the All-In-One set is designed to provide simplicity and convenience for the dental clinician.

### All-In-One

- One RN or WN solid abutment set with all the necessary components to complete a crown or bridge restoration
- One article number to simplify the ordering process

### Color Coding

- The color-coded abutment system allows users to find the appropriate set with ease

Regular Neck	Set	For crown	For bridge
	RN 4.0 mm	040.740	040.840
	RN 5.5 mm	040.741	040.841
	RN 7.0 mm	040.742	040.842
	<i>RN set contains:</i> Solid abutment, positioning cylinder, impression cap, analog, plastic coping, and temporary coping		
Wide Neck	Set	For crown	For bridge
	WN 4.0 mm	040.745	040.845
	WN 5.5 mm	040.746	040.846
	<i>WN set contains:</i> Solid abutment, positioning cylinder, impression cap, analog, plastic coping, and protective cap
